Great Learning

Ikbal Hussain

Frontend Developer(React)

Professional Summary

Distinguished Front-End Developer highly proficient in React.js, HTML, and CSS with a proven ability to create responsive and scalable user interfaces. Excels in integrating frontend components with server-side APIs. Adept at leveraging Generative AI and swiftly mastering new technologies for enhanced performance.

Projects

ResumeFlow [Live Demo Link](#) [Github Repo Link](#)

React Git JavaScript CSS3 HTML5 Gemini

- Developed an AI-powered, visually appealing resume builder using React.js, featuring live preview, AI-generated resume summaries, and download options. Integrated additional AI features for content suggestions and formatting assistance.
- Developed reusable and scalable code for resume creation, integrating features like login/signup and drag-and-drop components.
- Implemented responsive design to ensure the application performs optimally across various devices and browsers.
- Led a team of four and used Git for version control to enhance workflows and improve code quality through collaboration.

SportStyle [Live Demo Link](#) [Github Repo Link](#)

JavaScript HTML5 CSS3 Responsive Web Design

Git

- Developed and implemented the product details page for the SportStyle e-commerce platform using HTML, CSS, and JavaScript, ensuring a user-friendly interface and seamless browsing experience.
- Built the checkout feature, including the integration of payment methods and handling of order summaries.
- Engineered the wallet section, implementing secure, password-protected transactions for user convenience.

InfoHub(inspired by Medium) [Live Demo Link](#) [Github Repo Link](#)

JavaScript CSS3 HTML5 Git

- Developed responsive InfoHub interfaces with JavaScript, CSS3, and HTML5.
- Used Git for version control to ensure code quality and collaboration.

Viatours page clone [Live Demo Link](#) [Github Repo Link](#)

Figma HTML5 CSS3 Bootstrap

- Assisted in translating Figma designs into responsive web pages using HTML5 and CSS3.
- Contributed to the development of a visually appealing and user-friendly interface through collaboration with a team of five.
